Year 2

Addition and Subtraction

Using our place value knowledge will help us develop our addition and subtraction methods. We can use what we know about number facts and number bonds to calculate some answers mentally and solve addition and subtraction problems up to 100.

Builds from Year 1:
Number bonds to 10 and 20.
Adding and subtracting within 20.

This year:
Add and subtract 2-digit numbers.
Add three 1-digit numbers.

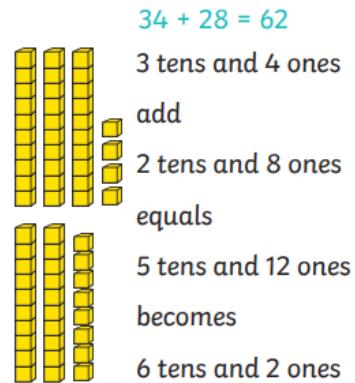

Leads to Year 3:
Column addition and subtraction.

Addition and Subtraction Methods

Add 2-digit and 1-digit

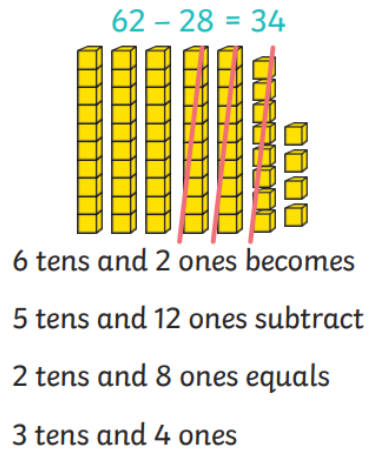

Add 2-digit numbers

Subtract 1-digit and 2-digit

Subtract 2-digit numbers

10 More or Less

10 less	Number	10 more
1	11	21
34	44	54

The ones digit stays the same.

Addition and Subtraction Bonds to 100

$$2 + 8 = 10$$

$$\text{so } 20 + 80 = 100$$

$$32 + 68 = 100$$

3 tens and 2 ones + 6 tens and 8 ones
= 9 tens and 10 ones = 10 tens = one hundred
