

We need to be able to describe movement and position so that we can explain where things are and give directions.

### Describing Movement

**quarter turn**

**half turn**

**three-quarter turn**

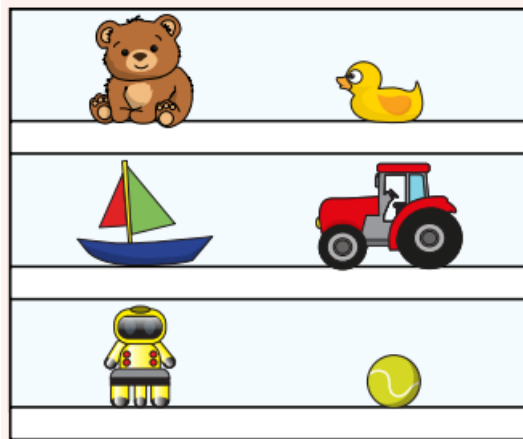

**full turn**

### Describing Position

The teddy is on the **top** shelf.

The ship is on the **middle** shelf.

The astronaut is **below** the ship.

The duck is **above** the tractor.

The tractor is **between** the duck and the ball.

The ball is on the **bottom** shelf.

**Left**

**Right**
